

## **Epidemiologist – Permanent position**

HORIANA is a consulting company dedicated to epidemiology and biostatistics, designing and conducting Healthcare Real-World Studies. Founded by a team of 5 specialists, all of them having more than 15 years of experience in biostatistics, epidemiology, and project management, Horiana aims to support its clients at all stages of their projects. Our clients are both private and public/academic professionals in the healthcare field.

Horiana is currently expanding its team with a full-time permanent position for a senior epidemiologist (M/F). The position is based in Bordeaux (33) in France, remote position could be an option depending on the profile of the candidate.

In an autonomous manner, you will take charge of conception and medical writing activities for both epidemiological and real-world studies, on primary research or secondary databases.

### Profile

- A PhD degree in epidemiology or medical sciences or PharmD
- At least 2-3 years of experience with confirmed experience in RWS
- Additional experience in an academic environment is a plus (University hospital, University, Research center)
- Fluency in English
- Excellent organization skills and the ability to identify priorities
- Autonomy
- Aspiration for excellence and performance
- Team spirit

### Mission

- Writing and reviewing of study documentation (methodology, synopsis, protocol, report...)
- Providing support to scientific project manager
- Participating on regulatory submissions
- Deliverables of the studies ensuring quality standards and timelines
- Preparation of scientific meetings on epidemiological aspects
- Writing/participation in the drafting of standard or specific operating procedures related
- Continuous development of personal scientific skills to keep up to date with scientific progress

Salary according to skills and experience
